Dear Mr. Wilson:

Phillips 66 has reviewed the basis on which Jeff Edwards appealed the Planning Commission's approval of our Crude Throughput Increase Project. We do not believe that Mr. Edward's appeal has merit. We support Condition of Approval No. 17 as passed by the Planning Commission and request that the Board of Supervisors uphold the Planning Commission's approval of that condition without change.

If we can provide additional information or assistance on this matter, please do not hesitate to contact Kristen Kopp at 805-343-3241.

Best regards,
